

Zoho: Suite of Products

UNIFIED BRAND EXPERIENCE

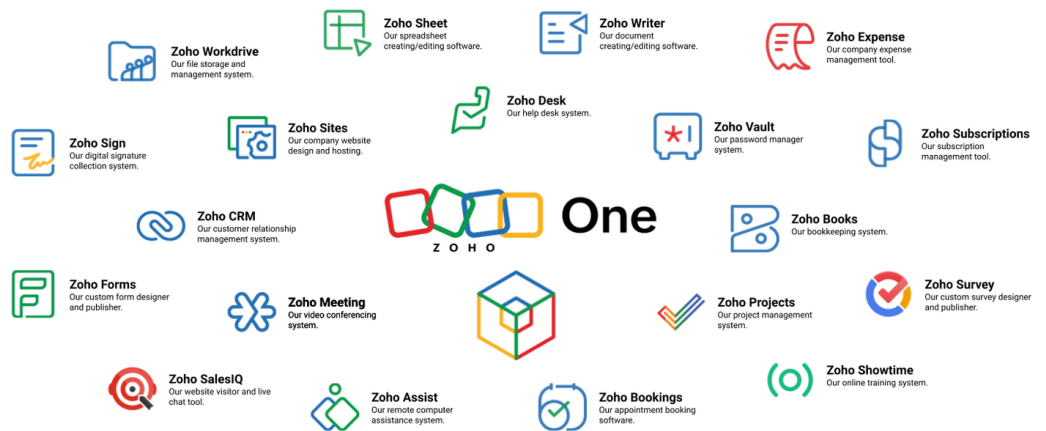

We ensure your brand experience is seamless by leveraging Zoho One. Your website, CRM, and communication tools are integrated, delivering a consistent, unified user journey across all devices.

INTELLIGENT INTEGRATION ARCHITECTURE

Stop fragmented operations. We implement smart, future-proof integrations between Zoho CRM, Zoho Books, Zoho Creator, and Zoho Analytics that automate data flows, optimize performance, and eliminate manual syncing.

REAL-TIME PERFORMANCE DASHBOARDS

Gain clear visibility into your business health post-launch. We build custom dashboards in **Zoho Analytics** to monitor core sales metrics, customer engagement, and operational uptime in real-time.

Bringing Clarity to Complex Digital Transformation with Zoho

Building a modern business platform using disparate, non-integrated software leads to wasted hours and unexpected costs. Important customer data gets trapped, processes are lost in manual transfers, and teams burn out trying to manage multiple, non-communicating systems.

Our approach transforms this friction into a streamlined, transparent workflow by organizing your entire operation around the **Zoho platform**. By structuring your requirements within **Zoho Projects** and integrating key applications, we ensure every feature development and process improvement stays on track. Whether it's a critical integration with **Zoho Inventory** or a major new sales automation sequence in **Zoho CRM**, our methodology gives your team clarity and control over your entire digital lifecycle, turning a chaotic operational build into a proactive

Efficiency Meets Customer Empathy

Great digital strategy isn't just about implementing software; it's about crafting a compelling customer and employee experience. Our UI/UX experts design interfaces within **Zoho Creator** and implement custom layouts in **Zoho CRM** that are fast, intuitive, and distraction-free, ensuring your customers and staff can achieve their goals effortlessly.

Unlike agencies that rely on rigid, legacy processes, we are built for rapid, agile delivery within the Zoho environment. From the moment we kick off, you start building a solution that adapts to market changes and scales efficiently using **Zoho One's** capabilities. Don't let technical issues stall your vision. Partner with us and experience the precision of a truly modern, integrated business platform powered by Zoho.

TECHNICAL SUPPORT

We don't just sell software; we support your business. Our local support team is available to assist with hardware configuration, software queries, and troubleshooting to ensure your operations never miss a beat.

ZERO DOWNTIME

Built on robust cloud infrastructure, our system guarantees 99.9% uptime. In the event of an internet outage, our offline mode securely stores data locally and auto-syncs the moment connectivity is restored.

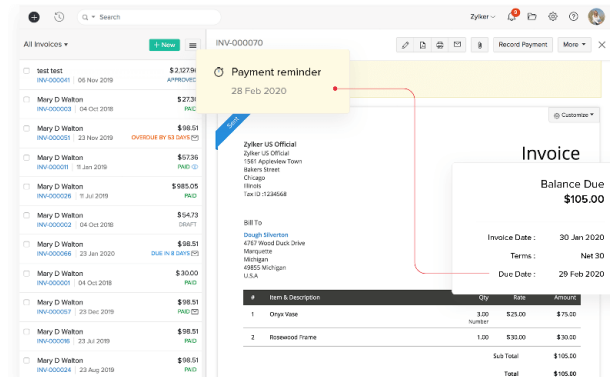

TURNKEY SOLUTIONS

From the initial survey and hardware installation to software configuration and staff training, Intellitech manages the entire deployment process. We get you running with no disruption to your daily workflow.

Service Features and Benefits

Experience an **intuitive, results-driven Zoho Books implementation partnership** designed for the modern finance team and business owner. Our process offers a clear, single-view dashboard within **Zoho Analytics** for tracking **implementation status**, managing **custom report milestones**, and reviewing **workflow automations**. There is no steep learning curve; clients can review work and provide secure feedback in seconds, often directly via **Zoho Connect**. You gain immediate oversight with live setup updates, seeing exactly **what chart of accounts changes are being built**, **what reconciliation testing is underway**, and **what custom invoice templates are pending**—all in real-time. This transparency

Compatible with all modern web browsers. Interface adjusts automatically for desktop, tablet, and mobile viewing. Data synchronization speeds may vary based on local network stability.

System Requirements

- **Operating Systems:** Fully compatible with Windows 10/11 and macOS for desktop administration. Mobile applications support Android 10+ and iOS 14+.
- **Web Browsers:** Optimized for the latest versions of Google Chrome, Mozilla Firefox, Microsoft Edge, and Safari.
- **Network Connectivity:** A stable internet connection (minimum 5Mbps upload/download) is recommended for real-time cloud synchronization.
- **Database:** No local server required. All data is hosted on our secure, encrypted cloud servers, reducing your on-site IT maintenance costs.
