

## UNIFIED EMPLOYEE EXPERIENCE

We ensure your workforce experience is seamless by leveraging the **IntelliCore Ecosystem**. Your **Personnel Master, Payroll engine, and Self-Service portals** are integrated, delivering a consistent, unified employee journey from onboarding to exit.

## INTELLIGENT PAYROLL ARCHITECTURE

Stop fragmented HR operations. We implement smart, future-proof integrations between **Core HR, Attendance, Statutory Compliance, and Finance modules** that automate payroll data flows, optimize tax processing, and eliminate manual reconciliation.

## REAL-TIME COMPLIANCE DASHBOARDS

Gain clear visibility into your organizational health and labor costs. We build custom dashboards within **IntelliCore Analytics** to monitor core **HR metrics, statutory liabilities, headcount trends, and operational payroll uptime** in real-time.

# IntelliCore: Payroll & HRMS

### Bringing Clarity to Complex HR Transformation with IntelliCore

**Bringing Clarity to Complex HR Transformation with IntelliCore** Building a modern workforce platform using disparate, non-integrated software leads to wasted hours and unexpected costs. Important employee data gets trapped, processes are lost in manual transfers, and HR teams burn out trying to manage multiple, non-communicating systems. Our approach transforms this friction into a streamlined, transparent workflow by organizing your entire operation around the **IntelliCore platform**. By structuring your requirements within **IntelliCore Projects** and integrating key modules, we ensure every feature development and process improvement stays on track. Whether it's a critical integration with **Finance (ERP)** or a major new **statutory automation sequence**, our methodology gives your team clarity and control over your entire digital lifecycle.

### Efficiency Meets Employee Empathy

Great HR strategy isn't just about implementing software; it's about crafting a compelling employee experience. Our experts design interfaces within the **Employee Self-Service (ESS) portal** that are fast, intuitive, and distraction-free, ensuring your staff can achieve their goals—from viewing payslips to managing leaves—effortlessly.

Unlike agencies that rely on rigid, legacy processes, we are built for rapid, agile delivery within the **IntelliCore environment**. From the moment we kick off, you start building a solution that adapts to market changes and scales efficiently using **IntelliCore's enterprise capabilities**. Don't let technical issues stall your vision. Partner with us and experience the precision of a truly modern, integrated business platform powered by **IntelliCore**.

## TECHNICAL SUPPORT

We don't just sell software; we support your business. Our local support team is available to assist with hardware configuration, software queries, and troubleshooting to ensure your operations never miss a beat.

## ZERO DOWNTIME

Built on robust cloud infrastructure, our system guarantees 99.9% uptime. In the event of an internet outage, our offline mode securely stores data locally and auto-syncs the moment connectivity is restored.

## TURNKEY SOLUTIONS

From the initial survey and hardware installation to software configuration and staff training, Intellitech manages the entire deployment process. We get you running with no disruption to your daily workflow.

# Service Features and Benefits

### Strategic HR Operations with IntelliCore

Relying on fragmented modules or manual spreadsheets for enterprise-scale HR leads to data silos and compliance risks. We centralize your entire human capital strategy by deploying IntelliCore's integrated framework, which unifies **Personnel Administration**, **Statutory Compliance**, and **Advanced Payroll Processing** into a single, reliable system of record. Our implementation methodology ensures that every core function—from **Shift Rostering** and **Attendance Regularization** to **Full & Final Settlement (F&F)**—is mapped to your specific business rules.

Compatible with all modern web browsers. Interface adjusts automatically for desktop, tablet, and mobile viewing. Data synchronization speeds may vary based on local network stability.

# System Requirements

- Operating Systems: Fully compatible with Windows 10/11 and macOS for desktop administration. Mobile applications support Android 10+ and iOS 14+.
- Web Browsers: Optimized for the latest versions of Google Chrome, Mozilla Firefox, Microsoft Edge, and Safari.
- Network Connectivity: A stable internet connection (minimum 5Mbps upload/download) is recommended for real-time cloud synchronization.
- Database: No local server required. All data is hosted on our secure, encrypted cloud servers, reducing your on-site IT maintenance costs.
